## FOUR MORE PRECIOUS LITTLE GIRLS RESCUED... AND THEY ARE SETTLING IN AND STARTING TO GROW!

Christine, age 13

**Christine** loves to read storybooks and play soccer. The first day **Centrine** wore a pair of shoes, she was so happy! She went around and showed all the staff. Happy and outspoken, she likes to color and jump rope. One Sunday, she sang a song, "Jehovah turns my life around... He makes a way where there seems to be no way, Jehovah has a final say."

**Joyce**, the newest child, loves playing soccer and volleyball and is actively participating in praise and worship. She has already led a praise song during the Sunday church service! **Sorophine** joined the praise and worship team and loves to play volleyball. God is working in these children's lives!

**We now have 191 kids (100 boys and 91 girls)!**

Centrine, age 7

Joyce, age 12

Sorophine, age 14

## SO MANY BEING IMPACTED...

515 children have come through our gates in need of love, care, and protection! 286 community kids have attended our school. **There are over 3,000 people who have been or are being impacted through Challenge Farm!** In addition to caring for the children, Social Work staffers offer counseling and parenting lessons to all our families. Our staff provides for *their* families because of being employed at the Farm. Calculating the ways all the children, families, and staff are helped, there are over 3,000 people impacted! This doesn't include our visitors and staff over the years! **Many lives have been touched and changed because of these precious kids.**

*"...when I saw the joy and peace in those children in comparison to the challenges they had gone through, it made my heart melt..." ~ Wambua, Challenge Farm Accountant*

## A NOTE FROM WAMBUA

"I began working at Challenge Farm in February 2009 as an accountant. It has been a wonderful learning experience for me. My first biggest lesson I learned when I landed at CF was to love myself. I had lived in self-denial, but when I saw the joy and peace in those children in comparison to the challenges they had gone through, it made my heart melt, and I began to see and appreciate the goodness of God in my life... **It also changed my perspective on how I viewed street children. I realized they had goals and objectives, but life's challenges had denied them an opportunity to explore their goals and talents.** This experience opened my inner sight to see the true picture of the love of God for us through Jesus Christ. (Romans 5:8) 'But God demonstrates his own love for us in this: While we were still sinners, Christ died for us.'"

Wambua has a wonderful story, we wish we could share it in its entirety! What a blessing this man is and has been to Challenge Farm! He's been on staff for 16 years! "I love the work I do at CF, enjoying every bit of it, and I thank God for such an opportunity and the trust bestowed on me."

Abuid and Abel

## TWO BOYS MADE IT TO NATIONALS!

### NEW EXPERIENCES AND LIFE LESSONS ARE EVEN LEARNED IN SPORTS EVENTS...

Two of our boys represented our school in the regional athletic competitions for the Kwale County Coast Region. Abel (age 15) took part in javelin throwing, and Abuid (age 15) participated in shot put and discus throw! The boys loved the trip; they had never traveled on a long trip before and ate new snacks (coconut and Mabuyu)! At the regionals, the boys learned how important it is to have good relationships and to respect teachers and fellow students. **And now the two athletes are headed to the Nationals in Mombasa, accompanied by staff, to compete in track and field sports!**

## MINI DORM PROGRESS!

We're almost finished! Next is running electrical conduit, plastering, and tiling the floors!
