Sylvia and Her Family's Story...

Sylvia's mom died when she was 9 years old. Just a young girl herself, she dropped out of school to take on the responsibility of tending to her siblings. She searched the local dump for food to help feed the children. **An 11-year-old, 7, 6 and a 5-year old's stories didn't end there.** God has done amazing things in these children's lives! In 2014, this little "family" - Sylvia and her siblings, Tracy, Ezekiel, and Faith were rescued and brought to Challenge Farm.

Tracy is now in Grade 8, Ezekiel is a junior in high school, and Faith is a senior. Sylvia graduated from high school in 2022. She will soon be completing a 2-year college Certificate course in Food and Nutrition at RERA Medical Training College. She is currently doing an internship at Kitale District Hospital and will be taking her final exams in July.

Sylvia gives God the glory for guiding her, and for giving her strength and success.

Sylvia wrote: *With me here, I have a memory verse which always keeps me going in my life and hope it will be of encouragement to you as well too...'If you remain in Me and My words remain in you, then you will ask for anything you wish and you shall have it.'* (John 15:7)"

These children's lives are being transformed!
